WHO WE ARE

Harmony Aviation is a specialist aviation services company supporting fixed wing aeromedical operations across remote and regional Australia. We deliver end-to-end solutions that combine regulatory compliance, clinical excellence and operational reliability.

OUR COMMITMENT

A fully integrated turnkey solution — CASA-issued Air Operator Certificate, Engineering Approvals, qualified flight crew, licensed aircraft engineers and experienced aeromedical doctors and paramedics — through a single point of accountability. We remove the complexity of managing multiple vendors across a critical service.

DIVISION 01

Harmony Aviation

Approvals, engineering, aeromedical operations and training.

DIVISION 02

Harmony Crew Resource Mgmt

End-to-end crew staffing, credentialling and placement.

CORE CAPABILITIES

01 — REGULATORY & COMPLIANCE

CASA Air Operator Certificate	Fully issued and maintained — fixed wing aeromedical operations.	AOC 0613
CASA Engineering Approvals	Maintenance and airworthiness certification managed in-house.	REF 1243
Full CASA compliance	All crew placements meet regulatory requirements without exception.	
Remote area operations	Specialist understanding of regulatory and logistical requirements.	

02 — AVIATION PERSONNEL · HCRM

01 **Commercial pilots**
CASA-certified, remote area and aeromedical experience.

02 **Aircraft maintenance engineers**
Licensed (LAME) — line and base maintenance.

03 **Aeromedical doctors**
Remote and critical care qualified.

04 **Flight paramedics**
Qualified paramedics and retrieval specialists.

05 **Compliance & placement**
Screening, credentialling and placement management.

03 — TRAINING & EDUCATION

Crew Resource Management	Multi-disciplinary CRM tailored to aeromedical operations.
Communication & decision-making	Joint training for aviation and medical crews.
Situational awareness	High-stakes remote environment scenarios.
Human factors	Fatigue management, workload and stress response.

BUILT FOR REMOTE OPERATIONS

Remote aeromedical operations demand more than technical competency. They require crews who trust each other, communicate clearly and perform cohesively in challenging, unpredictable conditions.

Turnkey solution

One partner. All approvals, all crew, all support services.

Regulatory assurance

CASA AOC and Engineering Approvals — fully maintained, no gaps.

Mission-ready crews

CRM-trained, multi-discipline, remote operation experience.

OWNERSHIP & VALUES

Harmony Aviation is a family business, founded and run by husband-and-wife team Benjamin & Rebecca Ward. The company is 51% Indigenous owned and is pursuing recognition within the Supply Nation program, in alignment with the Australian Government's Indigenous Procurement Policy — supporting clients to meet their Reconciliation Action Plan commitments through meaningful Indigenous economic participation.
